Pro Steel Wet Machines

12"

SG350-WJS

24"

SG630-WJS

39"

SG1030-WJS

- *7" Diameter Contact Drum, 55 Durometer*
- *4 Patented Synchronized Jack Screws "Externally Mounted"*
- *24 Hours per Day Duty Cycle*
- *Maintenance Free Electronic Braking*
- *Electronic Abrasive Belt Oscillation*
- *Pneumatic Abrasive Belt Tensioning*
- *Rubber Covered Pinch Rollers Before and After Abrasive Belt*
- *Pneumatically Controlled Devices, Including Main Pressure Regulator with Filter*
- *Special Corrosion Resistant Preparation and Painting*
- *Amp Meter*
- *Adjustable Contact Drum*
- *1 Shot Lubrication*
- *Motorized Height Adjustment with Digital Readout*
- *Heavy Duty Plate Steel Frame*
- *Variable Conveyor Belt Speed Frequency Controlled*
- *24 Volt Controls*

Patented Pneumatic Controlled Abrasive Belt Tracking

Heated Drying System
